SECRE:

	2 ·	25X′
25X1	8. On 1 August, no aircraft were stationed at the field. The hangars were closed. There was no air sctivity. The gate at the main entrance was	
25X1 25X1	closed and unguarded. The billeting buildings in the southwestern section of the field were not guarded and were almost completely vacated. Two driving school trucks were observed in Werneuchen.	
	9. On 2 and 5 August, no aircraft were observed at the field. The hangars were closed. Eight medium AA gurs with Soviet sentries were observed in the northwestern corner of the field.	
25X1	logonant. After the evacuation of Werneuchen airfield by bomber aircraft in early July 1953, MiG-15s landed at the field in the first half of July, afterwards no aircraft were observed at the field. The AA guns were also removed.	
25X1	2 Comment. This is the first information on a bomb with a length of about 3.8 meters. According to the reported dimensions, the bomb is a FAB-1000 type demolition bomb.
